

Dear Birthparent(s),

Thank-you for taking the time to read our letter! Our hearts go out in love & compassion to you as we try to imagine what a difficult time this is for you! We greatly admire your courage & selflessness as you try to decide what is in the best interest of your child.. You will be spoken of with love & respect! We are open with our children about their adoption and answer questions truthfully.

As parents, we strive is to provide a home filled with security, stability, and unconditional love. We teach our children sound Biblical morals that will help them make right choices in life. Our faith in God is fundamental in our home & we try to live out the Bible teachings in our daily lives. We regularly attend a local church and our children will receive their education in a private school. We value a good education in a Christian environment.

Now for a little about us... We were married in Sept. 2002 and are so blessed to share life together! After struggling with infertility for years, God lead us to build our family through the miracle of adoption! Paiton was born Sept. 2009 and placed with us almost 6 mo. later. Rylan was born Mar. 2014 and placed with us at 6 days old. These precious children have brought a lot of joy to our home & we can't imagine life without them! Now we are hoping & praying that God will bless our home with another child! We are already praying for the baby & his/her birthmother...we know God sees & cares for you!

Silas is part owner of a local auto repair shop and works full time as an auto technician. He takes time to play with the children & they love to see Daddy come home! Bethany enjoys being a stay at home mom and spends her time caring for the children, preparing meals, housekeeping, sewing, etc. Being a mother was her dream and she feels blessed to have that privilege. Paiton is our avid baby lover and total girl! She enjoys our pet dog Sparky, & cat Calico, swimming, helping Mommy in the kitchen, etc. She is looking forward to 1st grade & prays for a baby! Rylan is all boy and loves the outdoors, his sandbox, tractors & trucks, rough & tumble play, etc. We love our home in the country with plenty of space for children to play! It's also perfect for a little farmette. As a family, we value spending quality time together. But we love to intersperse normal life with fun things like picnics, socializing with friends & family, traveling to visit out of state family, taking the children to the zoo or children's museum, camping out for a night, fishing, etc. Our extended family & friends are very supportive and accepting of our children. And we have extended family & many friends who have adopted children as well.

If God leads you to choose our family to adopt your child, we would feel forever indebted to you for the priceless gift of his/her life! We would feel privileged to meet you, if you wish, and would be happy to send you pictures & letters after placement!

We wish you peace in your decision & strength in this difficult time! May God be near you!

Sincerely,

Silas & Bethany Paiton & Rylan
