

# Aaron & Alicia

## Dear Birth Parents,

Thank you for considering us as potential adoptive parents for your child. We have been a preadoptive foster home for over two years in hopes of welcoming a little girl into our home and family. Instead, we are now happily in the process of adopting our 2 year old foster son. We ourselves can no longer have children. Sadly, during birth of our third son Alicia had to have emergency surgery, and they had to remove her uterus to save her life. Since that day we knew our journey to complete our family would still not be complete until we had a baby girl. This little girl would be welcomed into our home with a mother and father who would shower her with love and affection. Not to mention she would have her very own security team of 4 older brothers.

## Who are Aaron and Alicia?

Aaron is a Data Analytics manager and Alicia is a hard-working stay at home mother. We have been married now for over 10 years. We met in a college marketing class and dated for 2 years before getting married. Our boys are ages 9, 7, 5, and 2 years old. We love doing things together as a family anytime we can. "Family first," is a saying we live by. Our home at times can be loud and crazy, but that's ok because we are just having fun.

## Family Activities

- Swimming in our pool and playing outside on our swing set.
- Weekly movie nights with freshly popped popcorn and candy.
- Arts and crafts activities.
- Game nights and scavenger hunts.
- Backyard baseball and kickball.
- Picnics at different parks.

(We apologize for the edited photos, but we have to cover our little guy's face in photos until the adoption has been completed.)

## Open Adoption

We understand that you have a big decision to make but we want you to know that we are here to help any way we can. We will work with you to figure out the best relationship for you and your child.
